THE SEATTLE ASSET BUILDING INITIATIVE

*Achieving the
American Dream*

A Pilot Project of the
Seattle-King County
Asset Building Collaborative

For more information
call 206-615-3547

The dream is about opportunity ...

It is about the simple idea that no matter who you are, if you work hard and play by the rules, you can help your family get ahead. The foundation for economic security rests on two pillars:

- ⇒ A family's ability to build **assets**, such as *education, home and/or business ownership, savings accounts and living-wage jobs*, that can be used to invest for the future, send children to college, and weather unexpected financial storms; and
- ⇒ Safety nets and safeguards, *such as insurance, social networks and access to benefits*, that provide financial security in the event of a job loss, medical emergency, or other life events that could otherwise put a family in a tailspin.

Do you want to
go back to
school?
Get a better-
paying career?
Own your own
home?
Start your own business?
Save money for retirement?

You may be able to participate in a pilot project of the Seattle-King County Asset Building Collaborative and receive **up to \$100 in incentives:**

The Seattle Asset Building Initiative (SABI), will identify the most effective asset building service delivery system that results in the largest economic benefits for project participants.

The Seattle Asset Building Initiative

This is how it works:

INTAKE & ASSESSMENT
